Upgrade of footpaths, road pavements and kerbs; adjustment of services; installation of street lighting and related street furniture; relocation of Energy Australia assets to underground.

SPECIFIC FEATURES:
Construction in areas of heritage significance. High profile, highly trafficked (pedestrian and vehicular) precinct.
OVERVIEW

GMW IS A CONSTRUCTION COMPANY DELIVERING EXCEPTIONAL BUILDING, LANDSCAPE AND CIVIL CONSTRUCTION PROJECTS FOR LOCAL AND STATE GOVERNMENT.

GMW, through a focus on proactive/partnership style problem solving as opposed to traditional adversarial contract delivery, has amassed a substantial track record and reputation for construction of significant public projects.

Complex, outstanding and exceptional projects are the source of continual inspiration for the GMW team.
STREETSCAPE / TOWN CENTRE UPGRADE

GMW is a specialist in streetscape / town centre upgrade. GMW has developed specific and focused strategies for managing the public and working in intense traffic areas while delivering a quality project.

GMW has specialised in this area for the last 7 years and continues to be the company that sets the bar in relation to streetscape / town centre upgrade.
